I recently purchased a second hand Partenavia P68 via the Austrian agency AIRCRAFT MORE YEARS, based in Blindenmarkt and managed by Mr. Gerald Hintermayr.

I appreciated the professionalism and kindness of Mr. Hintermayr whose efficiency and competence have been quite appreciated throughout the transfer process :

- high professionalism and excellent preparation of all documents during the inspection visit
- assistance during the price negotiation with clear explanation of origins of the plane and all arguments for the definition of a fair price
- trustful cooperation
- AIRCRAFT and MORE accepted to ferry the plane to the destination airport
- respect of all price commitments
- completion of steps for the deregistration of the aircraft;

Having no doubt about the support of AIRCRAFT AND MORE to assist me, if necessary in a short future to take over the plane, I have a very good memory of my partnership with this agency and would not hesitate to contact it again, if I will have to change of plane once more in the future.

I'm pleased to bear witness.
