Sale of aircraft Extra 400 D-EXYP

24. Juni 2016

Dear Mr. Hintermayer,

after the sale of the Extra 400 it's important for me to say thank you to you and your fantastic team.

Each of you has made a very good job and it's not self-evident with wich high willingness you have assisted us through the whole transaction.

We felt informed about all your steps anytime. This has created a positive trust. And with a handshake quality, everything was done without a written contract.

Because of your customer focus, punctuality, honesty and professionalism, you have sold our aircraft for a price in line with market requirements. And still in a very short time.

The aircraft virtually sold by itself.

I would not hesitate to place an order again.

Helmut Giesers
(CEO)
