Aircraft and More & Diamond Aircraft Industries GmbH

Since 2013 Diamond Aircraft Industries GmbH has the pleasure of working intensively with the company Aircraft and More represented by Mr. Gerald Hintermayr. Thanks to the commitment of Mr. Hintermayr, Diamond Aircraft Industries GmbH has successfully sold and delivered a number of used Diamond DA40 and DA42 planes. Aircraft and More did not only help to sell used planes, it also supported Diamond Aircraft with sales of new aircraft by trading-in the customer's Cessna or Piper airplanes.

Diamond Aircraft Industries GmbH appreciates Mr. Hintermayr for being a highly reliable, fair and very trustful person. We are happy to highlight that Aircraft and More fulfilled every contract and its commercial conditions to our utmost satisfaction which contributes to an easy and pleasant cooperation. We appreciate the high integrity, solution-orientation and openness in dealing with customers and partners. Working with Aircraft and More means having access to a partner with huge aviation know-how and experience combined with a high customer-orientation.

We highly recommend Mr. Hintermayr due to the excellent and reliable relationship we have established in the past years.

Amila Karagic, M.A.
