**Reference Letter
To Aircraft and More, Gerald Hintermayr**

I wanted to sell my Cessna 182 Bj.2010 but I had little time, so I turned to Mr. Hintermayr from Aircraft & More. Since 10 years, I personally know him because he had flown my Cessna from the USA to Austria.

I get my Diamond DA62 not until October/November 2017, so the sale would not have been particularly urgent for me. But to my surprise, Mr. Hintermayr came forward to me after 4 weeks because he had already sold the aircraft to Germany.

The Cessna and the documents were handed over with absolute professionalism, I didn't have to take care about much. During our conversations it was clearly noticeable that he had the interests of the seller as well in mind as those of the buyer. The whole procedure was frictionless and fast.

I recommend to anyone who wants to sell or buy a plane, to do business with Mr. Hintermayr.
