LETTER OF RECOMMENDATION

To Whom It May Concern,

I was delighted by the service provided by Gerald Hintermayr and Aircraft and More. When I first contacted Gerald he was quick to come and inspect my aircraft and soon had potential buyers arranged.

My aircraft was located in Bahrain so not the easiest location to sell an aircraft from, however, we soon had a buyer who purchased the aircraft at a fair price. The process and documentation was very thorough and detailed and any buyer or seller could have great confidence in the professionalism of Aircraft and More, and more importantly can put trust in this organization. On top of that Gerald is a pleasure to work with. I would have no hesitation in recommending Gerald to any potential buyer or seller.
