November 2022

In 2022 I sold my Bonanza G36 N241RS thank to the work of Aircraft and More GmbH.

I wanted to sell my airplane, a G36 Bonanza, and I had never sold an airplane before. In addition, the airplane was in Europe but was very good for the US market, because it was N registered. Thanks to Gerald Hintermayr everything was simple: he is experienced, he knows how the whole process works, he was really decisive and professional in choosing the buyer and I was able to rely on him. Moreover, we chose the price together and he always advised me throughout the process, from the first day he came to see the airplane, at the last time he delivered it to the buyer. Gerald made the Ferry Flight from Germany to Kansas competently and I could fully trust him.

He is truly an expert both as a dealer and as a ferry pilot! In addition, he was able to wait for me to make the decision to sell, without ever asking, an aspect of respect that I greatly appreciated.

Renata Sarno, Ph.D.

A handwritten signature in black ink, appearing to read 'Renata Sarno'.
