In December 2021, just before Christmas our company had an urgent need of an aircraft ferry, a Diamond DA42NG, from Thailand to Irland. We have used the service of Aircraft-and-More of Austria, with Gerald (Gerry) Hintermayr as Ferry Pilot. As Gerry is well known in our Diamond Family, not only as very professional Pilot but also very professional on Aircraft Type and route knowledge & handling, Gerry was our first choice. Because of the professionalism of Gerry in all aspects, the Ferry Flight went outstandingly well. We can highly recommend Aircraft-and-More company for its unsurpassed reliability, fair pricing and competency.

We would like to thank you to Aircraft-and-More for the great service and look forward to a long term cooperation.
