Reference Letter

I am writing to express my sincere gratitude and provide a reference for the outstanding support to Mr.Gerald Hintermayr and your team at AAM Intl GmbH provided during the purchase of the Cessna Grand Caravan EX S/N 208B5703 from Italy.

Mr.Gerald's responsiveness and professionalism throughout the process were remarkable. From facilitating the deregistration of the aircraft with Austrian authority to coordinating its inspection at the Cessna Zurich Citation Service Center, your dedication ensured every aspect of the transaction was handled efficiently and effectively.

We were particularly impressed with your proactive communication, which kept us informed at every step and allowed us to address any concerns promptly. Your expertise and meticulous attention to detail provided us with the confidence that all aspects of the aircraft's condition and paperwork were in perfect order.

Moreover, your arrangements for ferrying the aircraft from Austria to Mongolia showcased your commitment to delivering exceptional service. This level of care and reliability has left a lasting impression on our team.

We are extremely satisfied with the service from AAM Intl GmbH and would not hesitate to recommend your services to others in need of reliable and responsive aviation solutions.
